

Catechist Certification offered by the Archdiocese of Newark

A beginning parish catechist of a faith formation program or a Catholic schoolteacher completes introductory training via our eLearning portal called the LMS, Learning Management System. The catechist formation process starts with an introductory session called **Catechist Orientation** where we explore *who* is a catechist as a witness of our faith. The certification process is then broken into three inter-connected dimensions that focus on *why, how and what* a catechist witnesses, built upon the foundation of *Who I am* as a catechist. These 3 areas of study are **Vocation of the Catechist, Art of Catechesis, and Doctrinal**.
